## Code of Conduct

### Introduction

The Code of Conduct is the foundation of the Compliance Program. The Code of Conduct is a guide to appropriate workplace behavior. It will help you make the right decisions if you are not sure how to respond to a situation. This Code of Conduct applies to everyone, including all staff, management, boards of directors, volunteers, contractors and vendors. We must comply with both the spirit and the letter of all federal, state and local laws and regulations that apply to healthcare and other services that the organization provides, as well as all laws that apply to our business dealings. Violations of these laws and regulations can result in severe penalties for us and the individuals with whom we work, including financial penalties, exclusion from participation in government programs and in some cases imprisonment.

As **TEAM MEMBERS**, we share a commitment to legal, ethical and professional conduct in everything that we do. We support these commitments in our work each day, whether we care for residents/community members, order supplies, prepare meals, keep records, take physician orders, pay invoices or make decisions about the future of our organization.

***The success of THE ADMIRAL AT THE LAKE as a provider of healthcare and other services depends on you, your personal and professional integrity, your responsibility to act in good faith and your obligation to do the right things for the right reasons.***

The Compliance Program provides principles, standards, training and tools to guide you in meeting your legal, ethical and professional responsibilities. As **TEAM MEMBERS**, you are responsible for supporting the Compliance Program in every aspect of workplace behavior. Your performance review and continued working relationship includes understanding and adhering to the compliance plan as it applies to your job responsibilities and all your interactions with THE ADMIRAL AT THE LAKE.

This handbook describes our Code of Conduct. It supplements the Employee Handbook and the specific Policies and Procedures that apply to specific job responsibilities. For business partners or contracted partners, it provides guidelines and expectations for our continued relationship. The Code of Conduct discusses the importance of:

***Care Excellence*** – providing quality, compassionate, respectful and clinically appropriate care.

***Professional Excellence*** – maintaining ethical standards of healthcare and business practices.

***Regulatory Excellence*** – complying with federal and state laws, regulations and guidelines that govern healthcare, housing services and other services we provide.

### A Shared Responsibility

Because we are in the business of caring for and providing services for others, it is critical that each of us adheres to appropriate standards of behavior. As individuals and as an organization we are responsible to many different groups. We must act ethically and responsibly in our relations with:

Residents/community members and their families;  
Colleagues and coworkers;  
Volunteers and affiliated colleagues;  
Healthcare payors, including the federal and state governments;  
Regulators, surveyors and monitoring agencies;  
Physicians, Nurse Practitioners, Physician Assistants;  
Vendors and suppliers;  
Business associates; and  
The Communities we serve.

Any compromise in our standards could harm our residents, our coworkers and our organization. Like every organization that provides healthcare, we do business under very strict regulations and close governmental oversight. Fraud and abuse are serious issues. Sometimes even an innocent mistake can have significant consequences that could result in substantial penalties to THE ADMIRAL AT THE LAKE

All **TEAM MEMBERS** are required to complete training on the Code of Conduct and the Compliance Program as a condition of employment and business relationship. You must follow the Code of Conduct to remain employed or related to The Admiral. The Code of Conduct sets forth mandatory standards. **There is no justification for departing from the Code of Conduct no matter what the situation may be.** All Team Members are responsible for ensuring that they comply with the Code of Conduct and all policies and procedures. Any Team Member who violates any of these standards and/or policies and procedures is subject to discipline up to and including termination of employment or other relationship.

### **A Personal Obligation**

As we are each responsible for following the Code of Conduct in our daily work, we are also responsible for enforcing it. This means that you have a duty to report any problems you observe or perceive, regardless of your role.

As **TEAM MEMBERS**, you must help ensure that you are doing everything practical to comply with applicable laws. If you observe or suspect a situation that you believe may be unethical, illegal, unprofessional or wrong, or you have a clinical, ethical or financial concern, you must report it. You are expected to satisfy this duty by complying with the Three-Step Reporting Process and State of Illinois required reporting obligations.

### **COMPLIANCE LINE**

There is a specific communication process for reporting compliance issues.

#### **The Three Step Reporting Process**

**First**, talk to your supervisor. He or she is most familiar with the laws, regulations and policies that relate to your work.

**Second**, if you are not able to talk to your supervisor, seek out another member of the management team or someone from human resources.

**Third**, if you still have a concern, contact the Compliance Official or member of The Admiral's Compliance Committee.

**If none of the above steps resolve your questions or concerns, or if you prefer, call the toll-free Compliance Line at 800-211-2713 for assistance. All calls are confidential, and you may call *ANONYMOUSLY* if you choose.**

You can make a report in good faith to the Compliance Line without fear of reprisal, retaliation or punishment for your actions. Anyone who retaliates against a Team Member for contacting the Compliance Line, or reporting compliance issues in another manner, will be disciplined.

The Compliance Line is staffed by an outside agency and is available 24 hours, 7 days a week. Each call is investigated and kept confidential to the highest degree possible.

THE ADMIRAL AT THE LAKE's Corporate Compliance Program includes the following components:

### Care Excellence

Providing quality care to residents/community members means offering compassionate support and working toward the best possible outcomes while following all applicable rules and regulations.

The Admiral at the Lake will not tolerate any type of resident/community member abuse or neglect – physical, emotional, verbal or sexual. Residents/community members must be protected from abuse by **TEAM MEMBERS**, family members, legal guardians, friends or any other person. This standard applies to all residents, at all times. Abuse is defined as: **the infliction of injury, unreasonable confinement, intimidation or punishment with resulting physical harm or pain or mental anguish, or deprivation by an individual, including a caregiver, of goods or services that are necessary to attain or maintain physical, mental and psychosocial well-being. This presumes that instance of abuse of all residents/community members, even those in a coma, cause physical harm, or pain or mental anguish.** The term includes the following:

- Verbal Abuse - Any use of oral, written, or gestured language that willfully includes disparaging and derogatory terms to clients or their families, or within their hearing distance, regardless of age, ability to comprehend or disability;
- Sexual Abuse – includes sexual harassment, sexual coercion or sexual assault;
- Physical Abuse – Includes hitting, slapping, pinching, kicking. The term also includes controlling behavior through corporal punishment or deprivation
- Mental Abuse – include humiliation, harassment, threats of punishment or deprivation;
- Involuntary Seclusion – Includes separation of a resident from other residents from his or her room or confinement to his or her room against the resident's will or the will of the resident's legal representative;
- Neglect – The deprivation by a caretaker of goods or service which are necessary to maintain physical or mental health.

*Any Team Member who abuses or neglects a resident/ community member is subject to termination. In addition, legal or criminal action may be taken. Abuse and neglect must be reported immediately to your supervisor or other member of management under the mandatory reporting requirements in the state of Illinois.*

*DO NOT call the Compliance Line for issues of abuse or neglect.  
**Report them immediately!***

## Resident/Community Member Confidentiality

Every **TEAM MEMBER** must treat all resident/community member information, including any documents or records that contain client-identifying information, medical records and charts as confidential. **TEAM MEMBERS** must use and disclose medical, financial or personal information only in a manner consistent with the HIPAA Privacy policies and procedures and state and federal law.

## Medical Services

The Admiral at the Lake is committed to providing comprehensive, medically necessary services for our residents. The Medical Director of THE ADMIRAL AT THE LAKE provides oversight to physicians and other medical services as defined by state and federal regulations. The Medical Director is compensated at a fair market value for the services he or she provides. The Medical Director oversees the care and treatment policies and is actively involved in the Quality Improvement Committee.

## Professional Excellence

The professional, responsible and ethical behavior of every **TEAM MEMBER** reflects on the reputation of our organization and the services we provide. Whether you work directly with residents/community members or in other areas that support resident services you are expected to maintain The Admiral at the Lake standards of honesty, integrity and professional excellence, every day.

## **Hiring and Employment Practices**

THE ADMIRAL AT THE LAKE is committed to fair employment practices. When hiring and evaluating, we:

- Comply with federal, state and local Equal Employment Opportunity laws, hiring the best qualified individuals regardless of race, color, age, religion, national origin, gender identity, sexual orientation, or disability. All promotions, transfers, evaluations, compensation and disciplinary actions also follow this policy.
- Conduct employment screenings to protect the integrity of our workforce and welfare of our residents and Team Members.

## **Employee Screening**

THE ADMIRAL AT THE LAKE is prohibited by federal law from employing, or retaining, or contracting with anyone who is excluded from any federal or state funded programs. Screening procedures have been implemented and are conducted prior to hire and a minimum of annually thereafter, to identify such individuals. These standards also apply to temporary healthcare workers. These policies and procedures are intended to ensure that we do not contract with, employ or bill for services ordered, rendered or supervised by anyone:

Any Team member who is alleged to have committed a serious criminal act will be suspended or, if convicted of a felony, terminated.

## **Employee Relations**

To maintain an ethical, comfortable work environment, staff must:

- Refrain from any form of sexual harassment or violence in the workplace;

## Workplace Violence

Every employee has the right to work in a safe environment. Violence, abuse or aggressive behavior will not be tolerated.

## Workplace Safety

Maintaining a safe workplace is critical to the well-being of our residents, visitors and coworkers. That is why policies and procedures have been developed that describe the organization's safety requirements. Every **TEAM MEMBER** should become familiar with safety regulations and emergency plans regarding fire and disaster in his/her work area.

In addition to organizational policies, we must abide by all environmental laws and regulations. You are expected to follow organizational safety guidelines and to take personal responsibility for helping to maintain a secure work environment. If you notice a safety hazard, you must take action to correct it if you can, or report it to your supervisor immediately.

## Drug and Alcohol Abuse

We are committed to maintaining a dedicated workforce capable of providing quality resident services and performing other applicable duties. To that end, **TEAM MEMBERS** are prohibited from consuming any substance that impairs their ability to provide quality services or otherwise perform their employment.

**TEAM MEMBERS** may never use, sell or bring on company property, alcohol, illegal drugs and/or narcotics or report to work under the influence of alcohol, illegal drugs and/or narcotics. For a **TEAM MEMBER** who appears to have work performance problems related to drug or alcohol use, a drug and alcohol screening will be conducted, and appropriate action will be taken if necessary.

At an organization-sponsored or business-related event during working or non-working time, the moderate consumption of alcohol served during the function is permitted, provided that staff members act responsibly and professionally, and do not become impaired or unable to exercise sound and professional judgment.

Illegal, improper or unauthorized use of any controlled substance that is intended for a resident is prohibited. If a Team Member becomes aware of any improper diversion of drugs or medical supplies, the Team Member must immediately report the incident to his or her department supervisor, the Compliance Official, the Compliance Officer or the Compliance Line.

## Organizational Relations

Professional excellence in organizational relations includes:

- Maintaining company privacy and keeping proprietary information confidential;

## Proprietary Information

In the performance of their duties, **TEAM MEMBERS** may have access to, receive or be entrusted with confidential and/or proprietary information, that is owned by THE ADMIRAL AT THE LAKE and that is not presently available to the public. This type of information should never be shared with anyone outside the organization without authorization from a member of the Leadership Team (the Executive Director and her/his direct reports).

Team Members may not accept any gift from a resident/community member under a will or trust instrument except in those cases where the Team Member and resident/community member are related by blood or marriage.

**TEAM MEMBERS** may not serve as a resident/community member's executor, trustee, administrator, or guardian or provide financial services or act under the power of attorney for a resident/community member except in those cases where the **TEAM MEMBER** and resident/community member are related by blood or marriage.

Under no circumstances will a **TEAM MEMBER** solicit business courtesies, entertainment or gifts that depart from this Business Courtesies and Gifts policy.

## Conflict of Interest

A conflict of interest exists any time your loyalty to the organization is, or even appears to be, compromised by a personal interest. There are many types of conflict of interest and these guidelines cannot anticipate them all, however the following provide some examples:

- Financial involvement with vendors or others that would cause you to put their financial interests ahead of The Admiral's;
- An immediate family member who works for a vendor or contractor doing business with the organization and who is in a position to influence your decisions affecting the work of The Admiral;

- Participating in transactions that put your personal interests ahead of The Admiral's or cause loss or embarrassment to the Admiral;
- Taking a job outside of The Admiral that overlaps with your normal working hours or interferes with your job performance; or
- Working for The Admiral and another vendor or organization that provides goods or services at the same time.
- Serving on The Admiral at the Lake Board at the same time as serving on the board of a vendor or organization that serves older people in The Admiral at the Lake's market area.

***All TEAM MEMBERS must ensure that they remain free from actual or perceived conflicts of interest.***

### **Use of Property**

Property – everything from office supplies and computers to company vehicles – represents a significant expense and should only be used for legitimate business purposes. Everyone must make sure that they:

- Only use property for the organization's business, not personal use;
- Exercise good judgment and care when using supplies, equipment, vehicles and other property; and
- Respect copyright and intellectual property laws; and
- Never copy or download software.

### **Computers and the Internet**

**TEAM MEMBERS** are expected to use computers, email and internet systems appropriately and according to The Admiral at the Lake's established policies and procedures. **TEAM MEMBERS** are not permitted to use the internet for improper or unlawful activity or download or play games on organization computers.

Internet use can be tracked and how **TEAM MEMBERS** use their time on the Internet will be monitored.

### **Vendor Relationships**

We take responsibility for being a good client and dealing with vendors honestly and ethically. We are committed to fair competition among prospective vendors and contractors for our business. Arrangements between THE ADMIRAL AT THE LAKE and its vendors must always be approved by management. Certain business arrangements must be detailed in writing, approved by management and the Compliance Officer or designee. Agreements with contractors and vendors who receive resident/community member information, except for care providers, will require a Business Associate Agreement with the organization as defined by Health Insurance Portability and Accountability Act. Contractors and vendors who provide resident/community member care, reimbursement or other services to resident beneficiaries of federal and/ or state healthcare programs are subject to the Code of Conduct and must:

- Maintain defined standards for the products and services they provide to The Admiral and its residents/community members;

- Comply with all policies and procedures as well as the laws and regulations that apply to their business or profession;
- Maintain all applicable licenses and certification and provide evidence of current workers' compensation and liability insurance as applicable; and
- Require that their **TEAM MEMBERS** comply with the Code of Conduct and the Compliance Program and related training as appropriate.

## Marketing and Advertising

We use marketing and advertising activities to educate the public, increase awareness of our services and recruit new **TEAM MEMBERS**. These materials and announcements, whether verbal, printed or electronic will present only truthful, informative, non-deceptive information.

We abide by the HIPAA privacy rules in our marketing practices and provide individuals instructions on how to opt out of future communications.

## Regulatory Excellence

**B**ecause we are in healthcare, we must follow the many federal, state and local laws that govern our business. Keeping up with the most current rules and regulations is a big job – and an important one. We are all responsible for learning and staying current with the federal, state and local laws, rules and regulations, as well as the policies and procedures that apply to our job responsibilities.

## Billing and Business Practices

We are committed to operating with honesty and integrity. Therefore, all **TEAM MEMBERS** must ensure that all statements, submissions and other communications with residents, prospective residents, the government, suppliers and other third parties are truthful, accurate and complete.

We are committed to ethical, honest billing practices and expect every **TEAM MEMBER** to be vigilant in always maintaining these standards. We will not tolerate any deliberately false or inaccurate billing. Any **TEAM MEMBER** who knowingly submits a false claim or provides information that may contribute to submitting a false claim such as falsified clinical documentation, to any payer – public or private – is subject to termination. In addition, legal or criminal action may be taken.

Prohibited practices include, but are not limited to:

- Billing for services or items that were not provided or costs that were not incurred;
- Duplicate billing - billing for item or services more than once;
- Billing for items or services that were not medically necessary;
- Assigning an inaccurate code or resident/community member status to increase reimbursement;
- Providing false or misleading information about a resident/community member's condition or eligibility;
- Failing to identify and refund credit balances;

- Unlawfully inducing business associates.

**If you observe or suspect that false claims are being submitted or have knowledge of a prohibited practice, you must immediately report the situation to a supervisor, the Compliance Official, the Compliance Officer or the Compliance Hotline.**

## **Referrals and Kickbacks**

**TEAM MEMBERS** and related entities often have close associations with local healthcare providers and other referral sources. To demonstrate ethical business practices, we must make sure that all relationships with these professionals are open, honest and legal.

Resident/community member referrals are accepted based solely on the clinical needs and our ability to provide the services required by the resident/community member and our ability to provide the identified services. **THE ADMIRAL AT THE LAKE** never solicits, accepts offers, or gives kickbacks of any kind.

A “kickback” is an item or service of value including cash, goods, supplies, gifts, “freebie” or bribes that is received in exchange for a business decision such as a resident/community member referral. Accepting kickbacks is not only against policies and procedures but also against the law. To assure adherence to ethical standards in our business relationships, **TEAM MEMBERS** must:

- Verify all business arrangements with physicians or other healthcare providers or vendors in a written document; and
- Comply with all state and federal regulations when arranging referrals to physician-owned businesses or other healthcare providers.

**TEAM MEMBERS** cannot request, accept, offer or give any item or service that is intended to influence – or even appears to influence – a healthcare service paid for any private or commercial healthcare payer or federal or state healthcare program, including Medicare and Medicaid, or other providers.

## **Copyright Laws**

Print and electronic materials are protected by copyright laws. **TEAM MEMBERS** are expected to respect these laws and not reproduce electronic print or print material without the permission from the writer or publisher.

## **Financial Practices and Controls**

Ensuring that financial and operating information is current and accurate is an important means of protecting assets. All **TEAM MEMBERS** must make sure that all information provided by bookkeepers, accountants, reimbursement staff, internal and external auditors and compliance staff are accurate and complete. We must also comply with federal and state regulations when maintaining accounting records and financial statements and cooperate fully with internal and external audits.

### **Fair Dealing**

All **TEAM MEMBERS** must deal fairly with residents/community members, suppliers, competitors and other **TEAM MEMBERS**. No **TEAM MEMBER**, manager or director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair dealing practice.

### **Protection and Proper Use of Assets**

All **TEAM MEMBERS** must protect the assets of the organization and ensure their authorized and efficient use. Theft, carelessness and waste have a direct impact on the organization's viability. All assets must be used solely for legitimate business purposes.

### **Document Creation, Use and Maintenance**

Every **TEAM MEMBER** is responsible for the integrity and accuracy of documents, records, and e-mails including, but not limited to, client medical records, billing records, and financial records. No information in any record or document may ever be falsified or altered.

**TEAM MEMBERS** must not disclose internally or externally, either directly or indirectly, confidential or proprietary information except on a **need-to-know** basis and in the performance of their duties. Team Members must never disclose confidential or proprietary information externally unless expressly directed to do so by legal counsel. Upon termination of employment a **TEAM MEMBER** must promptly return all confidential information to the organization.

Examples of confidential or proprietary business information include potential or threatened litigation, litigation strategy, purchases or sales of substantial assets, business plans, marketing strategies, organizational plans, financial management, training materials, fee schedules, department performance metrics, and administrative policies.

### **Licensure and Certification**

We are committed to ensuring that only qualified professionals provide care and services to residents/community members. Practitioners and other professionals treating residents/community members must abide by all applicable licensing, credentialing and certification requirements. In addition, every effort is made to validate licenses and certification through the appropriate state or federal agency and screening of all employees through the OIG and GSA data bases and in some cases the Office of Foreign Asset control.

### **Voluntary Disclosure**

It is the policy of THE ADMIRAL AT THE LAKE to voluntarily report fraudulent conduct it uncovers that affects any federal or state healthcare program.

### **Government Investigations**

We are committed to cooperating with reasonable requests from any governmental inquiry, audits or investigations. **Team Members** are encouraged to cooperate with such requests, conscious of the fact that **TEAM MEMBER(S)** have/has the following rights:
